

FISCAL NOTE

TO: Chief Clerk of the Senate
Chief Clerk of the House

FROM: James A. Davenport, Executive Director

DATE: February 19, 1996

SUBJECT: **SB 2381 - HB 2437**

This bill, if enacted, will require notification of certain personnel transactions by the Department of Personnel and Finance and Administration to the Speaker of the Senate, Speaker of the House of Representatives, and the chair of the fiscal review committee. This report shall include all other personnel actions which significantly affect individual job assignments within the state service, but which do not necessarily affect the salary of any one (1) or more employees and shall include the employee's name, title, official address, and the specific personnel action affecting such employee.

Further, this bill, if enacted, requires notification of all personnel actions that indicate each such action which resulted in a delay, postponement or adverse outcome in any judicial, administrative or legislative hearing, proceeding or other forum affecting the health, safety and welfare of any one (1) or more citizens of the state.

Further, this bill, if enacted, provides that an appointing authority shall not employ or appoint a career service employee to an executive service position without prior written consent of the career service employee. Also, any career service employee who accepts employment or appointment to an executive service position may return to the career service at any time during the 30 day period following the employment or appointment date.

The fiscal impact from enactment of this bill is estimated to result in an increase in state expenditures from the provisions of the bill which require the report to indicate each personnel action which results in a delay, postponement or adverse outcome in any judicial, administrative or legislative hearing, proceeding or other forum affecting the health, safety or welfare of any one or more citizens of this state. An amount of such increase cannot be determined but is estimated to exceed \$100,000.

This is to duly certify that the information contained herein is true and correct to the best of my knowledge.
